BAT NET PERF

Modern office chair for versatile use and relaxation. Mesh seat, backrest, and headrest. The structural mesh ensures high comfort and excellent breathability in contact areas. High-quality mesh with woven fabric for a pleasant touch, 100% polyester with an abrasion resistance of 100,000 Martindale cycles. Synchronous mechanism with multiple locking positions. Automatic adjustment of the pressure force (counterbalance) according to the user's weight. Seat depth adjustment. Headrest adjustable in angle and height. Height-adjustable armrests with a soft-touch surface that is rotatable and movable. Polished aluminum frame and base. Ø 60 mm wheels for soft surfaces. Weight capacity: 130 kg. Warranty: 60 months.

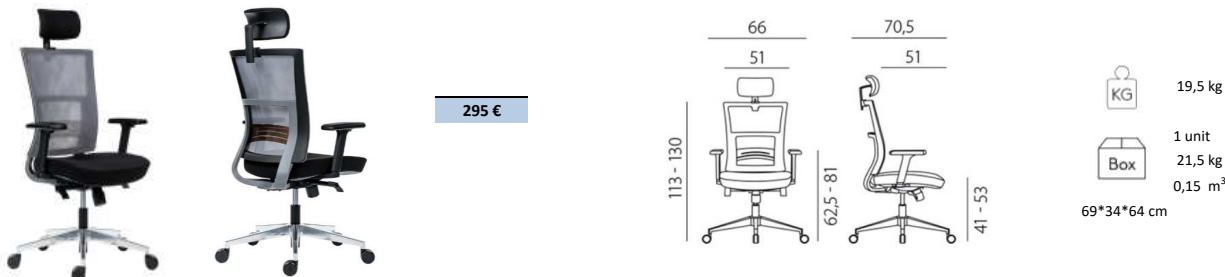

EDGE

Office chair with an angle-adjustable headrest. Mesh backrest with height-adjustable lumbar support. Backrest height adjustment with the up-down system. Synchronous mechanism with multiple locking positions and counterbalance force adjustment. Chrome steel base Ø700 mm. Ø60 mm wheels universally suitable for all surfaces. Seat depth adjustment mechanism. CLASS 4 gas lift for enhanced durability. Height-adjustable armrests with a soft-touch surface. Available colors: gray or black upholstery on the seat, black mesh. Weight capacity: 150 kg. Warranty: 36 months.

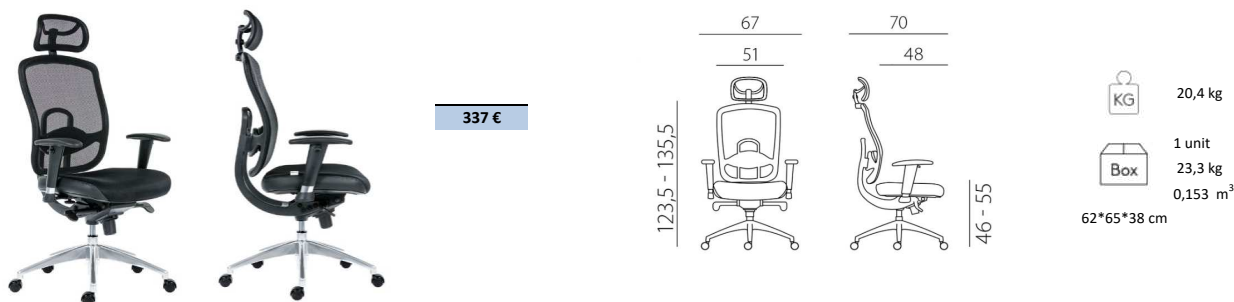

NEXT

Modern office chair for versatile use. Meets all the requirements for full seating support. Backrest with gray mesh and height-adjustable lumbar support. Cold foam injected into the seat mold. Quilted upholstery to emphasize the elegant shape. Synchronous mechanism with triple locking, with the ability to smoothly change the seat and backrest angles, prevents RSI (Repetition Strain Injury) caused by repeated small-range movements during computer work, while also preventing constant static muscle tension by frequently changing body positions, promoting active sitting during computer work. Mechanism stiffness adjustable according to the user's body weight. PDH – height and angle-adjustable headrest. Polished aluminum base. Ø 65 mm wheels for soft floors. Height, angle, and length-adjustable armrests with a soft-touch surface. Available colors for seat and headrest upholstery: black or gray. Weight capacity: 130 kg. Warranty: 36 months.

OKLAHOMA PDH

Work chair with a breathable backrest and headrest. Synchronous mechanism with counterbalance force adjustment and multiple locking positions. Adjustable lumbar support. Vertically and horizontally adjustable armrests with a soft-touch surface. Polished aluminum base. Ø 50 mm wheels with rubber tread for all floor types. Design: black mesh / black fabric. Weight capacity: 130 kg. Warranty: 24 months.

MIAMI

Manager chair. Tilting mechanism. Seat and back upholstered in black PU ecoleather. Chromed armrests with upholstered pad. 5-star chromed base. 2 years warranty.
