

The Sit N' Stand Concept

ED

(Ergo Drive)

ED is a table stand consisting of a well-trying construction with efficient motor and actuator. The sit-stand concept is based on a three part tube construction, which gives a good stability.

ED is our most flexible system. It can be varied from 2- to 3- and even 4-legs table stands. Besides there is a great choice of feet, bars and accessories such as CPU-holder, cable tray, desk screen bracket, sliding table top etc.

Technical Specification

TUBE DIMENSION: Round: 80, 70, 60 mm
Rectangular: 80x60, 70x50, 60x40 mm

STROKE: 470, 500, 600, 650 mm

SPEED: Up to 40 mm/sek

NOISE LEVEL: < 55dB

FRAME HEIGHT: 500 = 615 – 1115 mm
(+/-5 mm tol., excl. foot) 600 = 560 – 1160 mm ver.2
600 = 600 – 1200 mm ver.1
650 = 560 – 1210 mm ver.2
650 = 600 – 1250 mm ver.1

COLOUR: Black	RAL 9005
Silver	RAL 9006
White	RAL 9016

Technical Specification ED

DYNAMIC LOADING:	Max. 120 kg equally spread out
DUTY CYCLE:	1 min "on" – 9 min "off"
HAND CONTROL:	Standard: Up/down Option: Memory function, display inset in the table top, extensible
BAR:	<ul style="list-style-type: none">- Tube bar 40x20 mm (800 – 1800 mm)- Telescopic bar 40x20 mm (1120 – 1900 mm)- J-Bar (745 – 1745 mm)
FOOT:	Centered or not centered (see product sheet) 500, 730 alt. 900 mm / heights 12 – 35 mm
MODULAR CONCEPT	2- to 3- to 4-legs table stands
NORMS:	The table stand is produced according to the machine directive 2006/42/EG, partly completed machinery. The system is CE marked and follows the EMC directive 2004/108/EG and the low voltage directive 2006/95 EG. For applicable parts ED harmonizes with EN 527.
ENVIRONMENTAL POLICY:	<p>When it comes to our products we see to it that all activities and processes have as little influence on the environment as possible.</p> <p>Our material complies with the environmental standard of EU.</p> <p>We are certified according to ISO 9001 and our product facility also to ISO 14001.</p>
